CHOOSE YOUR COOKING METHOD:

RARE

Fast cooked meat at high temperature, formation of a thick and pressure resistant crust; the meat must be red inside and pretty warm (50° C).

MEDIUM

Slightly longer cooking time, the meat is turned when fine drops appear on the top side; after cooking, it is left to rest for 2-3 minutes, until the temperature is uniform. When you cut the meat it must be of a uniform pink colour and warm (60°).

WELL-DONE

Long, slow cooking, the meat is cooked for about 5-6 minutes on each side. To the touch the meat is hard and crunchy on the outside. Brown colour. Inside it is very hot (70°).
